Mike Drache Student Union President - Elect presents a radical new program for G.C.S.U.

1. Increased Student Services

We believe that students have received little in return for their 45,000 dollars and will therefore increase the services offered to the student community by creating the following:

(a) Weekly Film Programme
(b) Major Conferences and Workshops at Glendon involving important national and cultural issues
(c) Student Exchange Programme with other universities throughout Canada.
(d) The establishment of another student centre for cultural activities along with existing facilities on campus.

2. Student Government:

(a) The establishment of an education committee composed of representatives from the course unions.
(b) The creation of two new executive posts - Women's Affairs Commissioner and Bilingualism Commissioner.
(c) The lowering of student executive salaries.

3. Community Affairs:

(a) The establishment of a recycling depot at Glendon and an environmental group.
(b) A day-care centre to be created if the need exists.

4. Women's Affairs:

(a) The establishment of more courses dealing with women's role in society.
(b) Support for a women's research group and courses on campus.
(c) Encouraging the principle of equal representation for women in all areas of the university.

5. Bilingualism:

(a) The establishment of more classes in the two languages - if student demand requires it.
(b) The institution of bilingualism on all important areas of administration.
(c) Student Exchange programmes with more major Quebec universities.

6. Economic Issues:

(a) Either releasing the Glendon Food contract out for competition with alternate companies or establishing a student-run food service and abolishing the scrip system.
(b) Lowering the rents in residence to a more equitable position in relation to other residence facilities at York and keeping the administration from applying further increases.
(c) Lowering the cost of textbooks at Glendon College.
(d) The creation of a larger assistance fund for needy students.

As a candidate for the President of the Glendon Student Union here are the issues I believe are important to the student community. We offer a positive program that can help re-vitalize Glendon and make it the place it should be for every student.

Sincerely yours, Mike Drache
Candidate for President

Mike Drache Student Union President - Elect

REFORM STUDENT PLATFORM FOR 1975-76

1. Increased Student Services

We believe that students have received little in return for their 45,000 dollars and will therefore increase the services offered to the student community by creating the following:

(a) Weekly Film Programme
(b) Major Conferences and Workshops at Glendon involving important national and cultural issues
(c) Student Exchange Programme with other Universities throughout Canada.
(d) The establishment of another student centre for cultural activities along with existing facilities on campus.

2. Student Government:

(a) The establishment of an education committee composed of representatives from the course unions.
(b) The creation of two new executive posts - Women's Affairs Commissioner and Bilingualism Commissioner.
(c) The lowering of student executive salaries.

3. Community Affairs:

(a) The establishment of a recycling depot at Glendon and an environmental group.
(b) A day-care centre to be created if the need exists.

4. Women's Affairs:

(a) The establishment of more courses dealing with women's role in society.
(b) Support for a women's research group and courses on campus.
(c) Encouraging the principle of equal representation for women in all areas of the university.

5. Bilingualism:

(a) The establishment of more classes in the two languages - if student demand requires it.
(b) The institution of bilingualism on all important areas of administration.
(c) Student Exchange programmes with more major Quebec universities.

6. Economic Issues:

(a) Either releasing the Glendon Food contract out for competition with alternate companies or establishing a student-run food service and abolishing the scrip system.

(c) Lowering the cost of textbooks at Glendon College.
(d) The creation of a larger assistance fund for needy students.

As a candidate for the President of the Glendon Student Union here are the issues I believe are important to the student community. We offer a positive program that can help re-vitalize Glendon and make it the place it should be for every student.

Sincerely yours, Mike Drache
Candidate for President
THE OFFICE OF VICE-PRESIDENT

The office of vice-president deals directly with the president. The vice-president and president must work closely in formulating and executing ideas. It's most important that these two people can work together as a team and for this reason, I have chosen to run on a ticket with Mike Drake. We have set down our basic ideas in a leaflet entitled "Reform Student Platform for 1975-'76" but there are a few areas I would like to elaborate on personally.

Cultural and academic activities provided for the students by the Union have been virtually non-existent this year. This year, the council has put a lot of work and effort into the promotion of bilingualism, but perhaps at the expense of other matters concerning the students. In order to live more fully in the Glendon community we must be stimulated into participation and enjoyment of services offered. Our film program and especially organized weekend conferences concerning major issues facing Glendon and Canada, i.e. monarchy in Canada, bilingualism or government cut-backs are good examples of how this could be achieved. Only with your support could these objectives be realized.

Earlier, I mentioned bilingualism. This aspect of our life here is extremely important. The Bennett-Jolicoeur resolutions passed in Faculty Council this year prove the immense interest of student and staff in this issue. Personally, I am not bilingual, I am in the bilingual stream, however, and hope to be able to take a course at Laval in the summer of '76. Because I am not bilingual, I cannot benefit from courses offered in French, but I feel very strongly that if there is a demand for these courses they be given with no restrictions.

Finally, and, I feel, the most recent issue, is that of government cutbacks in education. I attended the Brock Conference last weekend and what I learned there is as follows:

1) if the government continues its policies on education eventually each student will be paying $3,000 - $4,000 tuition or university will not be able to function.
2) that the government wants to decrease the loan portions and decrease the grant portions of O.S.A.P. thereby forcing the student into heavy debt for many years after graduation.

These issues concern every student on every campus. What I would like to do is set up a committee to investigate just how these cutbacks will affect the Glendon community and to inform the student body of all findings in September, but before we can think of this type of action we must be aware of the situation not only here at Glendon, but across the province as well. This committee would be the liaison between Glendon, O.F.S., and other universities involved in this issue. As I said before, this concerns every student, everywhere, and cannot be ignored.

The issues I have discussed here, briefly are not all the ideas that we have planned; however, they are the most important to me. The only way I can possibly implement them is to become vice-president of the G.C.S.U. and to do that I need your vote next Monday and Tuesday. You will not only be supporting me you will be supporting yourself.

Marilyn Sapsford
Candidate for vice-president

In view of the ineligibility of Arthur Brown as presidential candidate, I must respectfully withdraw my nomination for the post of vice-president. This decision is not directed against the new acclaimed President, but I still intend to contribute to the next council, at a lower level.

Yours sincerely,
Claude Filion
FORTIN WITHDRAWS

I am personally sorry about how things have turned out. I realize that the issue of this election will affect next year's students because, as you know, whenever something is legislatively elected by students, it represents the students. An individual was simply nominated and was not challenged. So there he is, a non-recognized president. I do not want to talk about acclamations as they involve less crucial responsibilities. Nevertheless, what we are facing now is a serious problem. I have discussed the matter with the council and we went over ways of correcting the situation. The constitution needs revision badly. Marc Dupuy and others are trying to find a solution to the dilemma. Those who were present on Monday night's council meeting will agree with me when I say that we did all we could. We remained very objective and realistic when facing this matter. Up until Monday morning, we were not aware of how things would turn out. I was running for the office of Commissioner at large in the light of the issues, and others have withdrawn. We, as a whole, did not like the fact that the acclamation process had to be put into effect. The students of this community have the right to elect those who they think will represent them and their interests. I withdraw because I was part of Arthur Roy’s team (along with other members of the 74–75 council). Because of some constitutional technicalities, he was rejected as a candidate. The students have the right to know that the election of affairs will be challenged as soon as we can get the necessary legal action on the move. We will not let such a situation remain hidden nor will we leave the students with a non-elected student president, elected by a majority. The team formed before our individual resignations still stands. We have proven to be effective and we will remain on the platform until the matter is closed.

THE STUDENTS JUSTIFY A STUDENT COUNCIL AND WE WANT TO BE SURE THAT IT REMAINS THIS WAY.

Louis-Charles Fortin

AN ARGUMENT AFTER THE FACT

This article arrived at the Pro Temp office on Wednesday afternoon. In my opinion, M. Fortin has stepped a long way outside his capacity as Ex-Ambassador to the Student Council, as an ex-candidate for Commissioner at Large and as a student of this college. His comments on acclamation and claims that it is not a responsible manner in which to fill the office of President, but that acclamations in other offices are acceptable since "they involve less crucial responsibilities.", I find such claims ridiculous and false.

The practice of appointment by acclamation is a recognized method to fill a position only when one person stands for it. If it is not acceptable to the Glendon Student Union that positions be filled this way, then a change should have been implemented a long time ago. To claim now that it is de- priving the students of their rights is irresponsible and an indirect charge against Michael Drache, the president-elect. Drache follows all rules, was not secretive about his candidacy and was quite willing to stand for election. It is most unfortunate that he was unchallenged for the post by a Glendon student. Because he was not, he has every right to that position and the constitution rules in this matter. As far as the non-acceptance of Arthur Roy’s nomination, due to “constitutional technicalities", the matter is clouded by misinformation. To open the election to all students if Arthur Roy is to allow any student at the University of Toronto or a student at any university or anyone for that matter to run for council at Glendon. I doubt we want to be represented in this fashion. Finally, I say that M. Fortin, regarding the last paragraph of his tirade, I assume you are claiming that the council is not prepared to relinquish office to the new council if the president is acclamation (“‘..we will re- main on the platform until the matter is closed”). If such is the case, I would be more appalled by a group who would resort to such a revolutionary tactic as holding the office illegally, than I would someone who came by that position by acclamation.

If you mean in your closing that the council should be represented by acclamation, I agree wholeheartedly that it should stay that way. You should. M. Fortin would, in no way, achieve that end.

LOUIS-CHARLES FORTIN

I’m off to vote in the G.C.S.U. election. But don’t worry, I’m a republican.

AN OPEN LETTER TO THE GLENDON COMMUNITY

As Chief Returning Officer of the Glendon College Student Union, I must protest the actions of certain members of the present Executive and General Council, which are in contradiction of the present Elections Act. This Act states specifically that one must be a student to run for office, that a student can only run for one office, that no nominations be accepted after midnight on the day nominations close, and that offices for which there is only one Official Candidate, be acclamation.

Clearly political manoeuvrings by members of the present Council to interfere with a fair election, and attempts by members of the Student Union to remove the president-elect from office before he has taken office are attempting to disrupt the student body. Any challenges to the actions of the C.C.R. in such a way that the act must be based solely on infractions of the Elections Act. A president-elect cannot be impeached until he/she has taken office.

Sincerely,
Carol Williams

BEST OF LUCK

To Whom it may Concern:

I hereby withdraw my nomination for the position of Academic Affairs Commissioner. I leave Shirley Wales, without an election, completely assured she will do a more than excellent job.

The decision I have made was a very hard one and I hope it was based first of all on the best interests of the students at Glendon.

I did not want the president of the Student Council to be filled by acclamation. I believe a highly visible and influential position is filled by someone who can do the job and it with good relations having been established with council members, faculty and administration. I don’t feel this will be the case under the new student body. An attempt of other students to remove the president-elect from office before he has taken office are attempting to disrupt the student body. Any challenges to the actions of the C.C.R. in such a way that the act must be based solely on infractions of the Elections Act. A president-elect cannot be impeached until he/she has taken office.

Sincerely,
Carol Williams

CONFLICT OF INTEREST

I feel compelled to write a note regarding my actions concerning the petition which was being circulated the night of March 27.

On a hot, moral issue, I agreed in principle with the petition, however at no time was my opinion the opinions of C.O.S.A. I have asked that my name be withdrawn from this document as I now believe my signature to be a conflict of interest. I feel that the petition is being construed not in the spirit in which it was presented to me. I personally am in agreement with the C.C.R.'s ruling on the Elections Act, and wish my best to Mr. Drache. I hope that persons who have control of these documents will feel the urge to use them in a proper and fitting manner--ie. for stopping the cold draughts blowing through the ill fitting windows in the residences.

DOUG GAYTON

WATERGATE II

ANDREW NIKIFORUK

The democratic process at Glendon is being subverted by subterfuge. Apparently, the most important group of students. Their motivations are unclear but the consequence of their actions will be the destruction of student government at Glendon. These people are attempting to prevent the newly elected president Michael Drache from assuming office by challenging his election at the University by the students. They will not succeed. These crass agitators will not be allowed to undermine democracy at Glendon.

THE ACCLAIMATION OF MICHAEL DRACHE TO PRESIDENCY OF THE STUDENT BODY, WAS A FAIR AND IM- partial procedure whose legitimacy was con- firmed by the Chief Returning Officer, Carol Williams. This spurious group of students claims to be against the principle of acclamation. This they assert, is the reason they are circul- ating a petition that could possibly invalidate the acclamation of Michael Drache to the office of the presidency. Their argument is superficial and an expedient one. Because the democratic and constitutional procedures of student government have not worked in their favour and according to their wishes, they....spoil children turn upon the system that has denied them their battle. Let us remem- ber that the fulfillment of a student govern- ment post through acclamation is not an unusual unprecedented move. Many positions in the past, including the presidency have been filled by acclamation.

What possible reason have the students, then, for contesting the election? They have none save that of hurting the student body and impeding the reform movement at Glendon.

A group of Nixon devotees at Glendon who applauded their right to engage in the dema- cratic process by refusing to participate in the elections are now attempting to revise the results of acclamation. The Glendon Planners will not succeed. These crass agitators will not be allowed to undermine democracy at Glendon.

THE ACCLAIMATION OF MICHAEL DRACHE TO PRESIDENCY OF THE STUDENT BODY, WAS A FAIR AND IMPARTIAL PROCEDURE WHOSE LEGITIMACY WAS CONFIRMED BY THE CHIEF RETURNING OFFICER, CAROL WILLIAMS.
A voter is not doing him a favour by giving him the opportunity to do so. A voter is not an outsider to our business - he is part of it. A voter is a person who brings us his wants. It is our job to handle them profitably, for him and for us. Also, don't wait for the other fellow to come to you. go to him, in competition with others, give them the credit of being a little smarter than you are.

You cannot help "the small" men by hearing down the "big" men. You must give "small" men, strength and hope. Then you will have more "big" men in a community where all contribute to the cause.

I see the Councillor at Large Office as one of great flexibility. However, the fundamental tasks of Bed Cross and Orientation should be one of great concern in order to complete them successfully. After accomplishing that, the person in this position should be available for more tasks. There's enough to do now without more promises and problems.

Your job is to go and VOTE! Encourage others and maybe you can do your jobs too! Don't go by unnoticed - you're important.

Jennifer Kasper

To stray from the get-rich-quick of being critical and protective of the past and present situations of the Student Council, I'd like to share a new, fresh platform with you and particularly other candidates.

A voter is the most important person in this office - in person or in mail. A voter is not dependent on us - we are dependent on him. A voter is the purpose of our work. We want

danish belair, sociales

External

Comme vous le savez maintenant, la position de commissaire aux affaires sociales est une position de responsabilité qui ne peut être remplie que par une personne de confiance. Il est donc important de savoir que les affaires sociales comptent pour tout le monde.

Si vous êtes intéressé(e) par cette position, veuillez vous adresser à la Commission des Affaires Sociales de l'Université Glendon pour plus d'informations.

Daniel Belair

The social affairs commission is one of the only persons on the Student Council who has to deal with all levels of the student union. He is the advisor, councillor, and I think he role has to be more cultural than social. He has to do more than organize dances and parties. He has to be in touch with all the socio-cultural levels of the Canadian society to permit him to channel them in different services and activities for students and for the cheaper price possible.

Daniel Belair

Jennifer Kasper

You ask me why I’m running for council? That’s easy enough to answer. In the past you and this I know from having sat on council as Secretary, there has not been one truly innovative policy implemented by this body, and in all my time at this college got off its derriére and joined the sphere of post-secondary politics. It has been said repeatedly that Glendon students are apathetic - this is a whole lot of nonsense. If Glendon students were all able to make their way through the closed doors behind which council works, they would almost certainly feel a strong desire to do something - anything - to improve council matters. This is why I’m running for and acclaimed as Communications Commissioner. In the past this post has been regarded as a Mickey Mouse position, when in fact, one of the most important on council. There must be an effective liaison between the student body and the council which is supposed to represent this body. I remember one occasion on which I recommended that the Bennett-Solomos proposal be sent to the students in the form of referendum, whereupon I was accused of advocating "rule by plebiscite". I most certainly do advocate this seeing as the "plebiscite" is the STUDENT BOY. And the student body must be made aware of the problems at hand before they can begin to exercise the power they possess in dealing with their "problems". So long as Glendon politics continues to resemble those of a secondary school, we cannot hope to improve the college's budget cutsbacks and price increases. We have finally found a president/candidate, in the person of Mike Drache who has innovative ideas, and who is willing to work hard to pull Glendon out of the unhealthy high-school political rut in which it is now caught. There appears to be a faction on campus which is, at the moment, forming in its roots the idea, but hopefully the majority of students will be responsible enough to realize that next year is our chance to get moving. So, with increased communication between the student body and a truly service and dedicated council, maybe this college will be able to accomplish something worthwhile.

Jennifer Kasper

This past year at Glendon, the G.C.S.U. has been completely devoted to internal matters and the philosophy of bread and circuses. They have concentrated on Glendon as an island separate from the world at large. Unfortunately, as members of a larger community, I am referring not only to the fact that financially we are tied to York University but that we are also completely vulnerable to the whims of the Conservative govt of Ontario. The government this year has decided that there should be educational cutbacks. Possibly, so far, you as a student, may not have noticed these cutbacks, but next September you may find that at registration, you can not register in required courses because they are full or that courses aren’t being offered because professors on sabbatical are not being replaced. Or possibly, your student award next year will not be sufficient to finance your academic career. When next fall arrives, and these events do occur, and they will, students will be screaming for action.

The time for action is now, not when the damage has been done. The government wants to raise the loan ceiling on OSAP to $1,000.00, which means that after four years one arrives on the work force with a $4,000.00 debt to pay off. Students should not have to go so far into debt for the right to an education.

There are a few of the many battles which must be fought in the coming year. The internal bickering of council and students must cease in order to provide a unified front against a greater danger - the Ontario Government.

Jennifer Kasper

GENERAL ACADEMIC REPRESENTATIVES

PSYCHOLOGY

This is the first year a Psychology representative is being elected here at Glendon. I am running for this position because I believe this position is being contested rather than acclaimed. I think it shows the interest of the psychology students in forming a course union. As Psychology rep., I would continue to be actively involved in course union activities. I will work closely with other course union reps and try to benefit from their experience. I will work towards the betterment of the course union and the interests of the students they represent. I will work for and support the growth of bilingualism, I feel bilingualism makes Glendon College unique. It is one reason why I transferred here from another university. I will work to enact the proposals agreed upon at the recent student action conference. I feel these are the concerns of all Ontario students.

I have had experience in student government before. I am presently on the executive of organizations I am personally involved in, and I am on organizing committees of a summer conference.

I believe I have the capability, the interest, and the proper priorities to represent the Psychology course union. I hope you do, and will support me come election day.

C'est la première année à Glendon qu'il y a des élections pour la position de représentant du département de psychologie. Je suis encouragé de voir que le poste est contesté et non acclamé et je crois que cela démontre bien l'intérêt que les étudiants de psychologie portent à la formation d'une union qui représente leurs intérêts. Je crois que le bilinguisme fait de Glendon College unique. C'est une des raisons pour lesquelles j'y suis venu. Je travaillerai pour approfondir les expériences. Je travaillerai pour la bonne marche de l'union départementale ainsi que l'intérêt des étudiants représentés. Je travaillerai pour que des étudiants bilingues et non seulement à l'intérieur de l'union, mais aussi à l'extérieur. Je crois que le bilinguisme fait de Glendon unique de sa catégorie et c'est là une raison qui me fait changer d'université. Je travaillerai pour la mise en action des propositions que furent émises durant la récente conférence d'action étudiante.

I am a second year psychology student. Having been involved with this department for two years, I feel confident that I will be able to fulfill the responsibilities as representative for the psychology department. During the past two years I have taken psychology courses in both English and French, therefore I am aware of the needs of both Francophones and Anglophones. I will do my best to follow the activities of the psychology department and to represent you at the student council. I ask you to support me in this matter.

HISTORY

James Deitch

Je suis étudiant de deuxième année en histoire. J'ai participé à la vie du département d'histoire durant deux ans, je me sens très confiant de remplir les responsabilités de représentant. Je suis prêt à travailler avec le personnel afin de mieux communiquer avec vous les étudiants, et que vous m'accordiez votre vote à la journée des élections.

I am going to be in my second year at Glendon next year and although I have not declared a major, History is my main interest. Therefore I would like to represent the History Course Union to the Student Union. As well I am interested in trying to encourage more student involvement in course union next year, possibly by visiting all history classes next September to encourage student involvement. As far as student union as a whole, bilinguisme was the main issue this year and must continue to be until there is a real move in truly making Glendon bilingual. Here I must admit my own failure at being a truly bilingual student, however I certainly support any moves which will lead to this direction in both, a personal sense as well as from a legislative sense within student union and the college community.

I am asking for your support for History Rep. as I proposed to do in the same way as our present Rep., Derek Watt. Having served as a member of the History Department Promotion and Admissions Committee, I feel that I know the workings of the Course Union and could represent them on the Student Union.

There are several issues which are very important to students taking History courses next year. First of all the appointment of a professor who would be willing to teach courses in French, particularly one-dealing with French Canadian History. Second, improvements in regard to the course unions to enable them to improve their meetings by having speakers and films more frequently. Third, improved course evaluations and possibly a History Course Union evaluation to better measure student opinion on their professors and courses.

Fourth, more frequent meetings between faculty and students of the History Department.

I am running for History Rep. as a first year and feel I have the least. I am asking for your support for History Rep. as I proposed to do in the same way as our present Rep., Derek Watt. Having served as a member of the History Department Promotion and Admissions Committee, I feel that I know the workings of the Course Union and could represent them on the Student Union.

There are several issues which are very important to students taking History courses next year. First of all the appointment of a professor who would be willing to teach courses in French, particularly one-dealing with French Canadian History. Second, improvements in regard to the course unions to enable them to improve their meetings by having speakers and films more frequently. Third, improved course evaluations and possibly a History Course Union evaluation to better measure student opinion on their professors and courses.

Fourth, more frequent meetings between faculty and students of the History Department.

**ACCLAMATIONS**

(continued from page 5)

**POLITICAL SCIENCE**

_The academic year of 1974-75 will be my second year as a member of the GCSU. In 1974-75 I held the position of communications commissioner. I have learned that politics is all about and learned how many problems a student council has to deal with. It has been a very interesting and informative experience._

_For the coming year, the decision of staying a member of the GCSU came naturally. Knowing better how it works, I'd like to do something for the Political Science Department. Everybody knows that bilingualism is the big issue. Well, I don't know why the Political Science Department should be left out. There is definitely a lack of French courses in that department. Knowing that many of the French students are part of that department, it is only fair to help them by having more French courses. For the department as a whole, trying to get, maybe, more diversified courses in politics either at the federal or international level of politics is one of my goals._

_I think that the position of departmental representative is to be the bridge between the students and the chairman. If I can get good participation from the students, it will be a pleasure to accomplish good and objective work._

_Avant été membre de l' AECG en 1974-75, ma raison pour continuer à participer cet tout simplement naturelle. Si quelqu'un croit pouvoir faire quelque chose pour les autres il n'y a pas de raison pour qu'il ne le fasse pas._

_Le bilingualisme est la raison majeure pour cette élection. Beaucoup d'étudiants francophones font partie du département des Sciences Politiques. Cependant les cours en français se font assez rare. La diversité des cours est une autre problème. Je ne prétends pas de pouvoir résoudre tous ces problèmes, mais qui ne risque rien, n'a rien. Si nous voulons progresser vers le bilinguisme, il faut se passer d'une certaine incertitude. Il faut pouvoir accepter de prendre des actions concrètes et satisfaisantes._

**ENGLISH**

_Next year's english rep is Jon Whitehead who unfortunately in the hospital suffering from a rare tropical disease. Hopefully, he will be better for next year._

**ATHLETIQUES REPRESENTANTS**

_Next year we are placing more emphasis on the Intramural levels of recreation. We hope to organize more of the sports allowing for individual participation, such as having all the people interested in playing volleyball come down on a specific day. We would then need people on teams instead of you having to plead and cajole your cohorts into entering as a team._

_Basically we are hoping to provide the administrative vehicle through which any reasonable idea may be implemented. Such ideas already expressed for next year include having a co-ed water-polo league, a men's pick-up B-ball league and a monthly squash night where all could come down and meet more players of varying capabilities._

_We plan to have activities organized every Thursday afternoon next year. We are willing to create, this infers that sports is not going to be the be all and the end all. Also we would like to do more of franco-phones who are interested in sports._

_My goals for the coming year include:_

_1 international disputes Reps._

_2 French Reps._

_3 English Reps._

_4 Philosophy Reps._

_5 International Reps._

_6 Philosophy Reps._

_7 International Reps._

_Nominee: Larry Guimond_  

_Nominee: Daryl Urquhart_  

_Nominee: Louise Regan and Doug Gayton who will be next year's athletic reps._

BAZOOBIE AWARD

BEWARE THE IDES OF MARCH

Once again this year Radio Glendon is proud to present the annual Bazoobie Awards. These awards are presented to the outstanding students for their magnificent contributions in the following areas:
1. Best Performance on Winter Weekend
2. Pinball Wizard of the Year
3. Pinball Wizardess of the Year
4. Cigarette "Bummer" of the Year
5. Casanova of the Year
6. Most Stoned Person on Campus
7. Cafe Staff Member of the Year
8. Joker of the Year
and 9. Instant BIG MAN on CAMPUS.

These awards will be presented Saturday in an extravaganza of colour and pageantry. If you remember last year’s awards, this year promises to be even better.

Along with the awards we present MISS HILLIARD RESIDENCE 1975, various acts, plus dancing and record giveaways. Let’s keep the party from Winter Weekend going.

See you there.

Bryn Jones, Radio Glendon.

OPEN FORUM

POLITICAL SCIENCE

There will be an open forum presenting councillor Nick Auf Der Maur, a member of the Montreal city council. Also Jon Caulfield, author of the Tiny Perfect Mayor, will be giving a lecture on civic politics and citizen participation. Wednesday March 19th at 9:00 in room 129 Political Science 245

**Badminton Breakdown**

**DATELINE: PROCTOR MAISON DANS LA VALLEE.**

Monday, April 16th, last, the mentors of Proctor Maison, opened their doors and their hearts to the annual, “Charles Laforet Desert Classic,” to decide this year’s champions in the world of badminton. Unfortunately due to technical difficulties beyond the control of Ms. Stiff, the complete results of this tournament shall remain forever unknown. However I was able to salvage remnants of some of the transpired action on that evening, jumbled though they are, from the memory banks of the K-tel Record Selector. Here then are the necessarily expurgated transcripts.

**Player 1** - (name unknown) - Get ready you mother (expletive deleted) (expletive deleted) I’m going to drive this bird down your throat!... For sure fellow!... Pardon that outburst, it was uncalled for. My humble apologies.

**Player 2** - (identified through voice analysts as: Paul, “Ernie” Paul, Paul, “Ernie” Paul, (analysts unsure) was of Belgian origins) - Cafe on Monday. It was later determined that playing tennis under the above mentioned conditions was paramount to high treason. Hence the remaining fanatics were presented with eviction notices. Showing that they were not completely cold-hearted or callous, the Proctor management offered to set up an indoor tournament to be held within the confines of the Maison, sometime this week. (In fact as you are reading this story, if indeed anyone is, you might be missing out on the action.) The indoor facilities do not permit the tennis games to be played on regulation size courts. Instead they are to be played on tables.

**Player 3** - (voice analysts were unable to determine that Player 3 was the same voice as Player 6) - Care for a Pimm’s?... For sure, fella (expletive deleted) warn you... Pardon that outburst, it was uncalled for. My humble apologies.

**Player 4** - (believed to be Lorne “Student” Prince) - Everything’s cope (expletive deleted) warn you!... Pardon that outburst, it was uncalled for. My humble apologies.

**Player 5** - (voice analysts were unsure) - Care for a Pimm’s?... For sure, fella (expletive deleted) warn you!... Pardon that outburst, it was uncalled for. My humble apologies.

**Player 6** - (believed to be Lorne “Student” Prince) - Everything’s cope (expletive deleted) warn you!... Pardon that outburst, it was uncalled for. My humble apologies.

In summary then, there is to be has been, or should be an indoor tennis tournament played on tables in short the Glendon Annual Table Tennis Tournament.

---

**More than an Engineer.**

Our Military Engineers are very specialised people. They design and build bridges, airstrips, base facilities, supervise and maintain all kinds of equipment on our bases around the world. It’s a very special job. One that involves working with men. Guiding them. Training them. A job where you can apply your knowledge in all kinds of challenging situations.

If you’re into engineering, we can get you into something more than just an office job. An Officer’s job, where you can develop your full potential.

Give it some thought. We can give you plenty of opportunities to use your specialised knowledge in some very unusual ways.

Send this coupon for more information.
